BUDGET TO COUNTERACT NEW TARIFF OF U.S.

WILD TORNADO HITS DISTRICTS OF U.S.

Twister Like Great Black Cylinder Strips Roofs, Snaps Telephone Poles and Trees and Causes Deaths, Number of Which Is Yet Unknown—Much Property Reported Damaged

Northwest Missouri Great Sufferer by Fierce Winds

OMAHA, May 1.—A number of lives were feared lost and heavy property damage done by a tornado which swept a path of destruction through nearly a dozen Northeastern Nebraska towns late today. The telephone operator at Tekamah, describing the fury of the storm, said its approach was heralded by an ominous roar which enabled many to flee to their storm cellars and other places of refuge before it struck.

LIKE BLACK CYLINDER

The twister resembled a black whirling cylinder which at times appeared to rise high above the ground only to dip again and snap off roofs, telephone poles and trees, the operator said.

The section struck is about twenty miles southwest of Sioux City. As this is a rich farming section, damage to crops and farm property was believed extensive. Some reports here were that two separate storms struck the area a few minutes apart. Meteorologists were of the opinion the dipping and lifting of one twister had given this impression.

After leveling a path through Northeastern Nebraska, the tornado hurled the Missouri River five miles northeast of Salix, Iowa. Swooping down on a wooded section on the east side of the river the twister is reported to have destroyed scores of acres of timber.

With no apparent abatement the tornado headed into a country settled farming community to the east.

DAMAGE NOT ESTIMATED
Wire communication was almost completely severed and as darkness descended over the area the complete toll of lives and property was a matter of speculation.

Did Canadian Astronomers Find Planet?

WHEN a prominent astronomer in the United States disclosed to the world that he had photographed the mysterious planet called "X," officials at the Dominion Observatory, Ottawa, investigated the matter and, after a close search, found the object on two photographic plates taken in 1924. Top, left, is a print from one of the plates, showing the supposed planet, "X" (see arrow), while below is a picture of the Dominion Observatory, Ottawa. Some Local Opinions on Effect of Budget Upon Commodities and Stocks

"THE reduction in the sales tax, as announced in the budget speech of Hon. C. A. Dunning, Minister of Finance, is decidedly a move in the right direction," said Mr. W. A. Jameson, of the W. A. Jameson Coffee Company, Limited, and chairman of the Victoria and Vancouver Island division of the Canadian Manufacturers' Association, when asked for an expression of opinion yesterday as to the probable effect of the reduction on business generally and manufacturing in particular.

"Instituted as a war measure," Mr. Jameson continued, "the sales tax has outgrown its purpose, and it will be a good thing for the country at large and business in general when it is entirely abolished. While the 1 per cent reduction is a seemingly small matter, in the aggregate of business it represents an imposing figure, and as it is the desire and the aim of the Canadian manufacturer, in these days of keen competition, to meet the price of foreign imports as well as compete legitimately with their domestic products, the advantage will be passed on for the benefit of the consumer instead of being absorbed by the manufacturer and the retailer."

Government Receives Delegation as Sequel to Recent Australasian Tour of B.C. Mission

ANOTHER GROUP PROTESTS TAXATION

Yesterday afternoon's meeting of the Executive Council was given over to the lumber question by the members of the Government, who had two delegations appear before them. One was representative of the delegation which went to Australia, New Zealand and the Fiji Islands in an effort to interest these countries in the buying of more lumber products from British Columbia.

This delegation, which represented the lumbermen of the province, was assisted in every way possible by the Government in the efforts put forward to extend trade. The delegation representing it, which waited upon the Government, came for the

WASHINGTON, May 1.—President Hoover's letter transmitting the London Naval Treaty to the Senate for ratification was one of the shortest of such public documents in history.

VEGETABLES AND FRUITS PROTECTED

Federal Government Yields to Demands and Will Impose Duties on Certain Imports

IS COMBINATION OF TWO KINDS OF DUTY

OTTAWA, May 1.—Vegetable and fruit growers of British Columbia will be interested to learn that the Government has conceded the justice of their demands for duties to save them from unfair competition. In one part of his budget speech, the Hon. C. A. Dunning, Minister of Finance, said:

"In revising the customs tariff on fruits and vegetables the Government has given serious consideration to the representations of growers and consumers, as presented on several occasions before the tariff advisory board. The irregular nature of the severe competition which Canadian producers frequently face from the earlier-maturing crops of other countries has been weighed in the light of various suggested remedies, most of which were found to have inherent defects, an act long since recognized by the growers themselves. Seasonal tariffs, for instance, are not applicable to a country such as Canada, with its extremes of distance, latitude and climate."

Price of Tea Is Likely to Slump Says Teaman

TORONTO, Ont., May 1.—"If the information is correct that British grown tea is on the free list, it will mean an immediate reduction in the price of tea in Ontario, Quebec, and the Maritime provinces of fifteen cents a pound," said Mr. A. M. Wilson, of the Salada Tea Company, when asked what difference the tariff change would make. The reduction, he added, would be ten cents a pound in the Northwest on account of freight rates.

TARIFF CHANGES ARE GREAT FEATURE OF FIRST BUDGET OF NEW FINANCE MINISTER

Revisions Consist of Numerous Increases in Duties, Lowering of Others and Extension of Preferences—Countervailing Imposts Are "Brick for Brick"

MR. BENNETT CRITICIZES NEW BUDGET

Charges Government With Using Policy of Expediency and Not One of Conviction

OPPOSITION POLICY SHOWN TO BE RIGHT

(Canadian Press)

OTTAWA, May 1.—Those who knew something of parliamentary institutions, something of responsible government, were waiting to hear the resignation of the Government, declared Hon. R. B. Bennett, Conservative leader in the House of Commons this afternoon after Hon. Charles A. Dunning, Minister of Finance, had presented his budget.

Those who had heard the free trade speeches of the Minister of Railways (Mr. Crerar), Mr. Bennett, continued, could hardly expect that Mr. Crerar would remain in the Government.

CHAFF FREE TRADERS

Those too, he proceeded, who had heard "the death knell of protection" speeches of the Minister of Interior (Mr. Stewart) wondered if there was anything in the representations made by the Liberal party in respect to the fiscal policy. "Where is the old resolution of the Saskatchewan Legislature," Mr. Bennett asked, "where was the dictionary definition of Liberalism? Where was the Liberal platform of 1929?"

SYDNEY, Australia, May 1.—Stringent regulations covering the entry of Chinese into Australia today aroused a statement from the Chinese Consul-General in Australia. The note also appeals for the limitation of indiscriminate right to search prohibited Chinese immigrants.

New Zealand Treaty Is to Be Ended by October 12

Hon. Mr. Dunning Repudiates Retaliation But Will Set Up Customs Duties to Equal Those of Other Countries—Iron and Steel Industry Is Given Large Amount of Protection

OTTAWA, May 1.—Hon. C. A. Dunning in his first budget speech today announced: Sales tax reduced from 2 to 1 per cent. Income tax made applicable to employees of Canadian companies living abroad. Downward revision on the tax brought in the last year on the sale and transfers of stock. Duty on New Zealand butter increased at once from one cent to four cents a pound. Trade agreement now in operation with New Zealand will be terminated on October 12.

Trade agreement with Newfoundland to be announced soon.

TARIFF CHANGES

Increases in the general tariff on steel plate and structural steel, with duty lowered under British preference.

A countervailing duty to make Canadian tariff same as country of export on certain commodities, including certain vegetables, eggs and grain.

Under general tariff, sixty-six items of iron and steel have been reduced and forty increased. Under intermediate tariff, eighty-six have been reduced and twenty-four increased; under the British preference 182 have been reduced and eight increased.

Bounty of 49½ cents a ton on Canadian bituminous coal used in smelting.

Duty removed on British-grown tea.

Reduction in duty on printing machinery.

Reductions on machinery not made in Canada, with increases when made here.

BUDGET CHANGES

The budget changes are summarized as follows: The numbers and important changes in the customs tariff were described by the minister as "an expression of the spirit in which Canada will approach the Imperial Economic Conference in a few months' time." They are calculated, he said, to serve the best interests of the Canadian people; to increase greatly the British preference in the Canadian market; and to enable Canada "to buy more freely from those countries which buy from us most freely those commodities which are of vital importance to us."

The minister further raised his tariff changes as involving under the general tariff, increases of sixty-four items and decreases on forty-six items, and under the British preferential tariff, increases on eleven items and decreases on 270. As a result of the revision, he stated, no fewer than 589 items in a total of 1,186 would be free under the British preferential tariff—an extension of the preference on a range of imports valued at \$200,000,000.

COUNTERVAILING DUTIES

Regarding the countervailing clauses—which are a new feature in Canadian tariff schedules—Hon. Mr. Dunning emphasized that these were inserted in the spirit of retaliation; indeed, that they offered to other countries an opportunity, through reciprocal action on their part, to enable Canada to avoid extremes in cases of duties.

These entailed, he said, no increases in the scheduled Canadian rate, upon the commodities to which they applied, but, rather, automatic provision for reciprocal rating when any other country imposed upon Canadian products rates higher than those enumerated in the Canadian tariff. The provisions will apply to butter, potatoes, soups, livestock, fresh meats, cured and pickled meats, shell eggs, frozen eggs, frozen yolk or albumen of egg, oats, oatmeal, wheat, wheat flour, rye, cut flowers and castiron pipe.

INCOME TAX CHANGES

Exemption from tax in case of co-operative companies and associations.

Wider range of exemptions in case of dependents of taxpayer.

Exemption from tax in case of all donations to churches, schools, hospitals, etc.

Nonresident shareholders in family corporations and directors, officers and employees of Canadian concerns who reside abroad are made taxable under the act.

Reduction in the rate of the consumption of sales tax to 1 per cent. Reduction in rates on the sale of transfer of stock shares, to the following basis:

On shares of value under \$1, one-tenth of 1 per cent; on shares valued from \$1 to \$5, one-quarter cent per share; on shares valued from \$5 to \$25, one cent per share; on shares valued from \$25 to \$50, two cents per share; on shares valued from \$50 to \$75, three cents

per share; on shares valued from \$75 to \$150, four cents per share; on shares over \$150, five cents per share. On bonds, debentures or debenture stocks, three cents for each \$100 or fraction thereof.

CUSTOMS TARIFF CHANGES

Changes in customs tariff announced by the minister involve some 500 items. These changes may be said to fall into two or three main divisions, important revision being as follows: Increase in the British preferential, intermediate and general rates on butter, with countervailing provision.

Increases in intermediate and general rates on field beans.

Free entry, under British preferential tariff, of tea, on packages of five pounds or more, when imported direct from a country entitled to the British preferential tariff or when purchased in the United Kingdom.

B.C. DOMAIN BILL PASSES LAST STAGES

Alberta and Saskatchewan Agreements Also Pass Through Committee and Third Reading

DEBATE IS MOSTLY ON ALBERTA BILL

(Canadian Press)

OTTAWA, Ont., May 1.—Legislation for the return of the natural resources to the Prairie provinces moved forward rapidly in the House of Commons tonight. Following the presentation of the budget, the bills respecting Alberta and Saskatchewan passed through the committee stage and gave the government a clean bill of health for the transfer of the Peace River Block and the Railway Belt in the province of British Columbia to the provincial authorities, which received similar treatment.

QUESTION OF RIGHTS

Most of the debate took place in connection with the Alberta Bill, and the Saskatchewan legislation passed with little discussion. The discussion centered around an amendment to the Alberta Bill, designed to give that province the rights contained in the agreement with the province of Saskatchewan which were not embodied in the agreement with Alberta.

The Alberta agreement provided for a royal commission to investigate the financial relations between the province and the Dominion since 1905, in order to determine what sum should be paid the province.

Hon. Lucien Cannon, Solicitor-General, explained the Government of Saskatchewan wanted this investigation carried further back to 1870, the time of the taking over of the Northwest Territories by the Dominion. In addition, it wanted the courts to determine the validity of restrictions placed on the province in connection with education. By the amendment, which was extended to Alberta.

Hon. R. B. Bennett suggested that, following the ratification of the agreements, Parliament should pass an act to give full effect to the transfer which would take place when Imperial legislation was passed.

Hon. Ernest Lapointe, Minister of Justice, said the Government would take the matter into consideration and would do everything necessary to carry out the agreements.

SENATOR BOSTOCK IS LAID AT REST

Funeral of Late Speaker of Senate Largely Attended by Representative Men

KAMLOOPS, May 1.—The funeral of the late Senator Hewitt Bostock was held at Monte Creek this afternoon.

Many came from a distance to attend the simple service held in the Anglican Church in which Senator Bostock was so much interested. After the service old servants on the ranch carried the casket up the hillside to the little cemetery on the estate.

Representing the Upper Chamber at Ottawa were senators J. D. Taylor, New Westminster; A. E. Pianta, Nanaimo; W. A. Buchanan, Lethbridge; and S. J. Crowe, Vancouver.

Hon. T. D. Pattullo, with Senator Moodie, Liberal organizer for British Columbia, also attended. J. W. Michell, M.P.P. for Kamloops, representing Premier S. F. Tolmie.

Hugh Bostock, eldest son of the late senator, attended the funeral, having arrived this morning from Victoria, where he landed Tuesday from California. He was married on April 21 at Santa Barbara.

WINNIPEG, May 1.—Policemen by day and alleged robber at night, Alick A. Whitting, former member of the city council, today was sentenced to trial on numerous charges of forgery, shopbreaking and theft.

Whitting's alleged loot, police say, ranged from a self-luminous light to a \$375 electric radio set.

of the tea used in the British Empire now is from British sources, the Chinese and Japanese supplies being in a decreasing minority, the change is valuable rather as a gesture of British preferential treatment than likely to increase the consumption of tea in Canada.

BUTTER CHANGE

The increase in the duty on New Zealand butter from 1 to 4 cents per pound, and the announced intention to terminate the trade agreement with New Zealand on October 12 will be interpreted throughout the country as a move to give the strong political pressure which has been brought to bear by the national dairy organizations on the Government to check the competition of the Canadian market.

On the Canadian market, Creamery men have been advised a change could be expected in the announcement came with little surprise to them. As reported in the market and shipping news of this paper, there have been some negotiations during the period of the Summer in the Antipodes, October to March, by the Canadian Australasian lines and here, and the effect has had a material bearing on the Island and Mainland creameries. The subject of the competition has been discussed extensively

Wild Tornado Hits Districts of U.S.

Continued from Page 1

The funnel-shaped wind cloud, striking near Homer and cutting a swath 100 yards wide, charred a jagged course that included the towns of Jackson, Winnebago, Pender, Bapart, Walkhill, and according to unconfirmed reports, Tekamah.

First reports received here were that three persons were killed and scores injured at Tekamah and that the town had been almost demolished. Tekamah had a population of more than 1,000 when the last census was taken.

Pender, a town of 992, also was reported hard hit. Planes were dispatched to the storm area from Sioux City, Iowa.

RAGES IN KANSAS

LEAVENWORTH, Kansas, May 1.—Tornado winds whipped through Northeast Kansas, and Northwest Missouri early tonight, causing considerable loss in livestock and farm property and injuries to at least eight persons southwest of Leavenworth, Kansas. No persons were reported killed in the early check.

KANSAS CITY, May 1.—A tornado struck a quarter of a mile south of the city, in the path of the railroad, according to railroad telegraph advice received here. The Union Pacific announced it sent an emergency call for physicians and medical aid for an unestimated number of injured.

Moscow, the fountain head of Communism, made a happy holiday of it.

All work ceased in Madrid, but there were few attempts at demonstrations.

Paris forestalled threats of trouble by arresting 687 Frenchmen and ninety-four foreigners. The only trouble reported was in the Communist suburb of St. Denis, where the Communist Deputy, Doriot, and the entire municipal council were arrested after an encounter with the gendarmes. Other French cities expected trouble.

In Berlin some 50,000 Communists marched to the Lustgarten, where they adopted the usual May Day resolution and then marched through other Communist districts.

Police of Leipzig used blackbacks to disperse crowds which attempted to form for demonstrations, arresting six persons. Other German cities were comparatively quiet.

ARRESTS IN TOKIO

TOKIO, May 1.—Hundreds of arrests and temporary detentions marked Japanese observance of May Day, which began in the generally orderly. More than 50,000 persons participated in Empire-wide demonstrations.

In a clash at Kawasaki, suburb of Tokio, two policemen were wounded. In Tokio 15,000 people paraded in the length of the capital, closely shepherded by 6,500 police while in Osaka, industrial centre of the Empire, 30,000 persons staged a demonstration. There were smaller manifestations in the other cities.

There were 200 precautionary arrests in Tokyo early in the day, while about 100 other arrests were made as the demonstrations progressed. Extra police were maintained in public buildings throughout the day.

INCIDENT AT MONTREAL

(Canadian Press)

MONTREAL, May 1.—May Day did not pass without incident in Montreal, for four Communists were arrested in Place Viger Square for staging a demonstration against police orders. The four arrested were George Dubois, St. Zeeb, Max Malinoff (alias Calpheimovich), and Hank Schwartz.

A number of women Communists followed police as they dragged the four men to the patrol wagon. Dubois attempted to make a speech, but was stopped. Industrialist, Montclair, went about his business as usual.

MR. BENNETT CRITICIZES NEW BUDGET

Continued from Page 1

But, he proceeded, while it was unparliamentary to use the term, "hypocrite," it was always a matter of satisfaction to the free traders of the West. Mr. Bennett remarked to have heard the "brick-for-brick" tariff announcements made today.

Mr. Bennett wondered if anything could be more amusing than some of the fiscal statements made today by the Minister of Finance, who had denounced so much the speeches of Right Hon. Arthur Meighen, in which Mr. Meighen was stated he would deal with the agricultural schedules by imposing the same tariff treatment as other countries imposed against Canada.

RAISES OPPOSITION BANNER

The Government, Mr. Bennett said, had raised the banner of the Opposition; and today there was evidence that the Liberal party was convinced that the doctrine preached by Conservatives was the right one. But, Mr. Bennett charged, the situation and attitude of the Government were "for political expedience and not for conviction."

He went on: "But the Government, in the long run, will not account for much in the governing of this country. The Liberal administration, Mr. Bennett declared, had 'run true to form.' It had adopted another policy, but was ashamed to admit conviction. The Government, Mr. Bennett continued, had said it was not in favor of a tariff policy of retaliation; but had declared it as a policy of 'countervailing' duties. Countervailing was just another word for retaliation, he said; only that it permitted another country to make its tariff policy first."

"Now countervailing duty now to be imposed in the Dominion is a policy made in Washington," Mr. Bennett declared.

The Government, Mr. Bennett declared, was under its announcement, making the Canadian people to accept a policy made by Congress at Washington.

In the absence of the tariff schedule changes, which he believed should have been read in the House, Mr. Bennett declared he did not intend to discuss details of the budget, but was very easy, he remarked, to make a compact tariff item, divide it into a number of items and then talk about increasing the British preference on a number of tariff schedules.

MADE IN WASHINGTON

It was evidently the intention of the Government to be dictated by Washington, increasing or decreasing the tariffs of this country accordingly. In a broad, general way, Mr. Bennett proceeded, the budget proposal indicated that it was the policy of the Government to surrender our "legislative sovereignty" and "permit our tariff proposals to emanate from the United States."

The Government, Mr. Bennett stated, was being controlled by political expediency "to secure votes at a general election that cannot come too soon."

The Canadian people should, between now and the opening of the Imperial Economic Conference, have an opportunity to pronounce on such Government policies, Mr. Bennett contended.

The proposals had apparently been prepared by the chairman of the Advisory Board (Mr. W. H. Moore), who was, Mr. Bennett said, "past master in the art of manipulation and in other activities." However, he would, in accordance with an arrangement previously made with the Prime Minister, adjourn the debate.

NOT TO BE CAUGHT

Hon. Ernest Lapointe, Minister of Justice, before the honorable gentleman takes his seat, will he say now whether he is in favor of, or against the budget?

Mr. Bennett—The Minister of Justice is now about to complete a studied effort on the part of the administration. When the Minister of Finance completed his budget speech, he was congratulated by the Prime Minister, and other ministers clasped him warmly by the hand and showed themselves on his neck notwithstanding that every word of the budget had been known beforehand. Therefore, to complete the arrangement, the Minister of Justice asks me this question. All that I can say at present is that when I have had an opportunity of considering what the changes mean, I will answer it.

He was in favor, said Mr. Bennett, of every proposal that would make for the advancement of Canada.

reduce Canadian trade with the United States by about \$75,000,000 a year. Canada now buys from this country \$200,000,000 worth of goods a year, he said, and sells only \$400,000,000.

FEEL NO GRATITUDE

"We recognize the assistance with which your legislators are endeavoring to keep Canada from doing business with you except by way of purchase," Mr. Woods said, "and it would be too much for you to expect us to regard such a situation with either gratitude or appreciation."

He said that Canada as a whole is feeling a sentiment of indignation toward it in your somewhat ruthless enactments designed to prevent the sale of our goods in your country. We find difficulty in establishing any market with you and we are growing to feel what is even worse, that if through earnest efforts and sound modern methods we cultivate a market with you, that market may be cut off from us at any moment."

MAY BE ON AIR

TORONTO, Ont., May 1.—For the opening of the Shriners' convention here in June, plans have been made to have the radio committee to link two continents by air and have Premier Ramsey MacDonald and Herbert Hoover, President of the United States, make brief speeches. It is also being planned to approach the Prince of Wales with a view to have him make an address also.

LONDON, May 1.—Right Hon. Margaret Bondfield, Minister of Labor, in answer to a question in the House today, said the number of persons on the registers of the unemployment exchanges on April 14 last was 506,765 greater than on the same day a year ago.

Empire Society Awards Medal to Canadian Writer

By THOMAS T. CHAMPTION

Canadian Press Staff Correspondent.

LONDON, May 1.—It is announced that the Royal Empire Society, formerly known as the Royal Colonial Institute, has for the first time awarded its gold medal for the best book of the year of outstanding Imperial interest to a Canadian.

The recipient of the honor is Dr. Chester W. New, professor of history at McMaster University, and the work thus honored is his volume entitled "Lord Durham, a Biography."

Dr. New's biography is the first authoritative historical survey of the life of the first Earl of Durham, who was Governor-General of Canada in the period immediately following the rebellion of 1837, and who was a prominent figure in the fight for the development of democracy in Great Britain and self-government in Canada.

SILVER SPRING, Md., May 1.—Mother Jones, hard-fighting champion of the cause of labor, a Canadian by birth, today is celebrating her one-hundredth birthday.

Mary Jones, as she was christened, was born in Canada. She first came into prominence in the anthracite coal strikes of 1900 and 1902.

(Associated Press)

BOMBAY, May 1.—The Govern-
ment of India indicated today it
believed the civil disobedience cam-
paign fostered by Mahatma Gandhi
was losing ground.An official communique said three
Nationalists who had been sen-
tenced to six months' rigorous im-
prisonment at Nagra have expressed
regret for their action and asked
that they be dealt with under the
criminal procedure code.The communique added that their
request had been granted and that
this "would appear to indicate that
some, at least, of those practicing
passive resistance, are beginning to
recover their equilibrium."It is felt here that Gandhi intends
to intensify his campaign along new
lines but no one knows what form
his actions will take. It is under-
stood he will lead the civil dis-
obedience campaign in Bombay per-
sonally if 100,000 volunteers pledge
to follow him, abstaining from
violence and wearing homespun
clothing.**PAPERS NOT ISSUED**The Viceroy's recent order re-
quiring native papers to go under a

cided to apply to fruits and vege-
tables a combination of specific and
ad valorem duties; this combination
will, it is believed, meet the urgent
need of the growers during these
periods when they suffer from acute
instability of prices and, at the same
time, guarantee to consumers, at all
times, the year's supplies of these
products at reasonable prices.The ad valorem rate on fresh vege-
tables is retained at 30 per cent
under the general tariff and specific
minimum duties will be effective
under the general tariff, on all ex-
cept green peas and green beans.All fresh vegetables of domestic
character are made free of duty
under the British preferential tar-
iff. In taking this action, we have
had in mind the growing ability of
Bermuda and the West Indies to
supply the Canadian market during
the Canadian off season, a possi-
bility which is rendered more feasi-
ble than before, now that Canada
has her own direct steamship con-
nection with these islands, employ-
ing vessels which are specially built
for efficient transportation of per-
ishable commodities.**CANNED VEGETABLES**
Small increases in the general
tariff, accompanied by material re-
ductions in the British preferential
rates are made in canned vegetables,
while extensions of the existing
British preference are provided in
dried and desiccated vegetables, ex-
tracts, sauces, pastes and soup.An ad valorem rate of 25 per cent
has been applied to all fresh fruits
of domestic character, imported
under the general tariff with spec-
ific minimum rates effective under
the general tariff.All fresh fruits are to be granted
free entry under the British prefer-
ential tariff; here again the Govern-
ment has kept in mind the pos-
sibilities of greatly extended trade
with Bermuda and the West India
Islands and has taken another step
in the direction commenced two
years ago, when free entry was ac-
corded bananas imported direct
from these islands. So far as pos-
sible, Canada desires to purchase
from these British islands to the
South, those fresh fruits which they
are capable of supplying to this
market.The free listing of fresh fruits and
vegetables has added thirty-two
items to the total number in our
schedules which are free under the
British preferential tariff; the total
number of such free items in the
entire fruit and vegetable schedule
is now forty-nine as against ten
immediately prior to this revision.
We are confident that this further
expression of Canada's desire to de-
velop good will and improved trade
with Bermuda and the British West
Indies will be appreciated and will
result in great opportunity for
Canadian exports to those islands."You have love when you find it's
more fun doing things for others

municipality and the city of Vic-
toria with reference to the unau-
thorized removal of gravel from the
Mount Douglas gravel pits by per-
sons unknown. Saanich offered to
put up an ornamental fence to pro-
tect the property because of the
privileges the municipality enjoyed,
and the city of Victoria had agreed.
The council endorsed the action as
requested.In order to correct the practice
of the indiscriminate hauling of
requisitions for material by em-
ployees of the municipality, Reeve
Crouch suggested that one man
only be authorized to sign requisitions
for materials in future, and that
anything required over the
value of \$100 should have the au-

In order to be honored, all requisitions

ence to representations made on be-
half of Saanich Municipal Council

connection with properties which

constructed from loans made by the
Government under the provisions of
the Better Housing Act. I have to

ceived careful consideration, but I
regret that the Government cannot
see its way to amend the regu-

council \$125 an acre for some five
acres, comprising about thirty lots,
on an agreement of sale, offering

terest. The offer was accepted.A letter of thanks for the acceptance
of the revised rates submitted
recently by the Vancouver Island
Coach Lines was received from the
transportation company, and filed.**SUBDIVISION PLANS**Plans for a proposed subdivision
near Ten Mile Point were submitted
by Mrs. Fidler for the council's ap-
proval. The plans were approved.Mr. John Dean forwarded the
council a parcel of labels and other
data concerning market possibili-
ties from Cairo, Egypt. The matter
was turned over to Mr. Oldfield, and
Mr. Dean will be duly thanked for
his interest.Reeve Crouch recommended that
Mr. James Graham, road foreman
in Ward Seven, be superannuated

same amount as had been granted

Equilmul had a weekly garbage col-

at a cost of thirty cents per house

wards might be able to install a gar-

**BY-ELECTION SET
FOR BOARD MAY 10**Nomination for Vacancy on Saanich
Board Fixed for May 6—Polling
on Saturday FollowingThe Saanich Council received a
communication from the school
board of the municipality at its
regular meeting at Royal Oak last
evening, which informed the coun-
cillors that the resignation of
Trustee Jeanne had been accepted by
the school board, and that a by-
election to fill the vacancy on the
board should be held at an early
date.The reeve pointed out that it
would be necessary to hold the by-
election within a month. He under-
stood it was the wish of the rate-
payers, as well as that of the school
board, that a by-election be held.
Municipal Clerk Sewell was ap-
pointed returning officer, the polling
to be at the usual places. Nomin-
ations will close on Tuesday, May 6,
polling to take place on Saturday,
May 10, an advertisement announc-
ing the dates to be published in the
daily papers.The school board also notified the
council that Trustee Briggs had
been appointed as the representative
of the board to the health centre

Representation
At World's Fair**For the purpose of interesting
the growers of the district in the
World's Grain Exhibition to be
held in Regina in 1932, Reeve
Crouch recommended last night
that the Saanich Council offer a
prize of \$100 for the best specimen
of grain grown in the district and
exhibited at the Saanich Fair in
1931. The reeve thought it would
be a good advertisement if
Saanich were represented at the
greatest grain exhibition, and
promised that if the winning
exhibit were of the required
standard, private assistance was
assured to defray the expenses
of the successful grower to
Regina. The matter was brought
before the council at this time,
the Reeve stated, so that prepa-
rations might be made for ob-
taining seed in time for planting
next fall. The council approved
of the Reeve's recommendation,
and a committee, consisting of
Councilors Oldfield, Hagan and

Y.W.C.A. Guest Tea A Success

Members of the board of directors and social committee of the Y.W.C.A. under the convenerhip of Mrs. E. E. Colbeck, received the hearty congratulations of all assembled upon the success of their first guest tea held in the banquet hall of the Shrine Auditorium yesterday afternoon. About six hundred women were present and many organizations represented. The long tables, each with its beautiful decoration of Spring flowers and gleaming silver, made an unusually attractive scene. The head table was arranged with silver baskets of tulips ranging in shade from palest pink to deep mauve, with brid and greenery and at this table Mrs. Arthur Walsh, the president, who acted as chairman, extended a cordial welcome to the guests on behalf of the members of the board of directors and the social committee. Mrs. F. J. Norris, Mrs. William Bell, Mrs. MacDonald and Mrs. Walsh poured tea and coffee, and among the guests were Mrs. J. A. MacDonald, wife of the Administrator, and Mrs. George Bucklin, wife of the United States Consul. Members of the board and other guests were also at this table. Among the organizations who arranged tables were the Women's Canadian Club, Metropolitan United Church, St.

Mary's Church, Centennial Church, First Baptist, Emmanuel Baptist, Oak Bay United Church, Y.W.C.A., Kiwanis Club, P.E.O., Sisterhood, Canadian Daughters' League, Christ Church Cathedral, City Temple, Rotary Club and a table made up of a number of additional representatives of smaller clubs.

The soloist of the afternoon, Mr. Joseph Moore, who is visiting here from Johannesburg, South Africa, received a great ovation, and his beautiful tenor voice was heard to advantage in his two groups of songs, "Sands of Dee" (Frederic Clay), "Mighty Lak a Rose" (Nevin) and "A Bunch of Cowslips" (Wakefield). In Miss Constance Moore he had a sympathetic and able accompanist.

The proceeds of the tea amounted to \$212, which will go towards the building fund for the new wing of the Y.W.C.A.

IS HOSTESS AT LINEN SHOWER

NANAIMO, May 1.—Last evening Mrs. Peter Matto was hostess at a delightful linen shower, held at her home, 538 Wentworth Street, honoring Miss Margaret English, who is to be married in the very near future.

The gifts were presented to the bride-elect in a beautifully-decorated hat box, the color scheme being varied shades of rose. Five tables of bridge were in play, the winners being Mrs. Colin McDonald, Miss Gladys Hindmarsh and Mrs. Cyril Baker. Later refreshments were served. Quaintly romantic was the miniature bride standing under a white arch which centered the table. Pink tulips and pink candles standing in silver sconces were also very effective. A feature of the evening was the three-tier ice cream wedding cake, artistically decorated, which was presented to the bride-elect.

The guests included Mesdames W. Rafter, L. Ryan, G. McDonald, G. Baker, R. Leach, G. Merrifield, G. Berry, A. Hall, J. Ryan, R. R. Hindmarsh, L. Lowe, J. Crossan, Misses F. Saunders, A. Steel, R. McDonald, E. McDonald, D. Schivardi, N. Dunn, H. Hall, H. Patterson, G. Hindmarsh and E. Reid.

LAKE HILL DANCE

A large and enthusiastic number of dancers attended the annual "ingham dance" held in Lake Hill Community Hall on Wednesday evening, under the management of the social committee. Refreshments were served in the supper-room, where a profusion of narcissi, tulips and lilac had been arranged with charming effect. Mr. McCallum, convener of the social committee, announced that a flannel dance will be held on Wednesday evening. This will be the last dance for this season.

Weddings

STRICKLAND-BLAIR

At Centennial United Church the marriage was quietly solemnized last Wednesday afternoon of Mary, eldest daughter of Mr. and Mrs. J. J. Blair, of 615 Garbally Road, and Mr. Wesley P. Strickland, eldest son of Mr. and Mrs. A. Strickland, 745 Queens Avenue. Rev. Dr. Pringle being the officiating minister.

The bride wore a dress of periwinkle blue lace, with hat to match, and was given in marriage by her father. Attending her as bridesmaid was Miss Florence Bond, wearing a frock of flowered georgette and hat of fawn lace. The best man was Mr. Emerson "Babe" Caldwell.

After the ceremony a reception was held at the home of the bride's parents. The rooms were artistically decorated with flowers and the buffet was centred with a three-tier wedding cake. The bride and bridegroom left on the afternoon boat for Portland where the honeymoon will be spent, and on their return they will live in Victoria. Among their many wedding gifts was a case of silver from the bride's fellow employees at the Empress Hotel.

Judge—"You, a respectable young man, stole a coat. In consequence you have lost your post and brought trouble and sorrow to your parents."

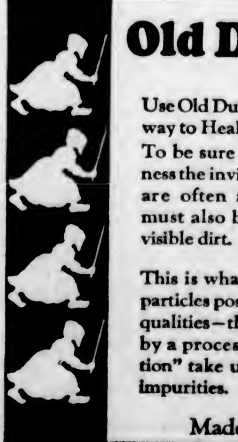

Accused—"Yes, and it was too tight into the bargain."

TO GIVE DEMONSTRATIONS

It is almost surprising how new and better methods are constantly being devised whereby even the most familiar and simple tasks can be done with less effort and with greater perfection. One would almost suppose that such a familiar and homely task as baking bread and biscuits had been brought to the height of perfection. However, Miss Wamer, of the Tappan Gas Range Company, has devised an entirely new and successful technique whereby this very important household routine is still further simplified and perfected.

Arrangements have been made by the gas department of the British Columbia Electric Railway Company with Miss Wamer to give a series of window demonstrations of this new method in their Douglas Street windows today at 11 a.m. and from 2:30 to 5 p.m., and again on Saturday at 11 a.m.

The New DAPL-ART effect

PAINT your old Linoleum like this

Here is a smart, new treatment for worn linoleum or wood floors, that will make them as fresh and beautiful as a rug, for a very small cost. . . . First apply one or two coats of Bapco Floor Enamel to give a good, dense color, then brush a thick coat of another color onto an old plate or piece of tin. Press a coarse sponge onto this wet Enamel and transfer it onto the floor like printing. This will give a pleasing Dapl-Art finish which wears longer and does not show foot marks. Ask your Bapco dealer to show you how it is done.

Women Give Views on Subject of Flag

EDMONTON, Alta., May 1. — Strongly divided opinion on the vexed question of a Canadian flag was voiced when a discussion on the resolution brought in by Canadian Daughters' League for distinctive Canadian flag, embodied the Union Jack was before the meeting of the local council.

Mrs. H. B. Spratt, representing the Daughters of the Empire, spoke strongly against a Canadian flag, which she felt would create diverse feeling among Canada's many nationalities. The Canadian Legion she pointed out, desire no change, and surely their opinion should come first. Mrs. George Latham, representing the Canadian Labor Women, stated that anyone opposing this move was opposing a movement of progress. Mrs. W. J. Ross, president-elect of the local council, pointed out "that we have the naval ensign which has done duty in the past."

Mrs. E. L. Hill spoke briefly, pointing out that Australia, which was more British than Britain itself, had its own flag, as had New Zealand and the Irish Free State. A vote on the question will be taken at the annual meeting this month.

"The married women working outside the home is a condition that has come to stay," Mrs. Margaret Lewis, of the Alberta Government Labor Bureau and factories' inspector, stated, in the course of an address at the close of the business session, in which she dealt with the protective industrial legislation for women and girls.

"We find as time goes on it is more necessary for the women in the home to help supplement the family income," Mrs. Lewis also felt no bar should be put on women's economic freedom and, if women are to be kept out of industry and the professions because of marriage, it raises an objection to young people marrying, which is unwise for the nationhood of the country.

Since the enforcement of the Minimum Wage Act, Mrs. Lewis stated that girls in hotels and cafes were on an eight- and nine-hour schedule, and since this is working satisfactorily it should be possible to have the same conditions for girls working in private homes. They are the only ones who at present do not come under the provisions of the act, which, like all other industrial legislation, is passed to employ the state to protect the health of its people.

ISLAND FERRY PLANS ADVANCE

Steam Car Barge Will Be Known as "Cy Peck" in Compliment to Member for Islands

DOUBLE DAILY ROUND JOURNEY

The ferry which is to be put into commission by the Gulf Islands Ferry Company early in June under the contract entered into with the Department of Public Works of the Province will be known as the "Cy Peck." This name has been selected by the owners in view of the untiring efforts which were made by the popular member for the Islands, Col. C. W. Peck, V.C., to have this ferry service instituted.

The boat is well adapted for the purpose, having been selected by the owners as the best procurable for such a service. It was built in 1925, and operated on Lake Washington at Seattle. Since being acquired for the new service here, important changes have been made in the vessel to adapt her to this run.

There will be two trips a day made each way between Swartz Bay, at North Saanich, and Puffin Harbor, on Salt Spring Island.

The service will be a most important one for the residents of Salt Spring Island, and should prove also a great benefit to trade between that island and Victoria. The Island Freight Company is

planning to have a freight truck, having headquarters on Salt Spring Island, make a round trip to Victoria each day, picking up in the capital, freight and packages and delivering these to the consignees on the island.

The Vancouver Island Transportation Company, Limited, with the initiation of the service, will place a passenger bus capable of carrying fourteen passengers, which will connect with the ferry and afford the opportunity for passengers to visit any part of the island.

The landings for the ferry at either end of the route are now under way.

'FRIEND HANNAH' VISITS QUALICUM

Theatrical Performance by Players' Club Much Appreciated by Beach Residents

QUALICUM BEACH, May 1.—Under the auspices of the Qualicum Beach Branch of the Canadian Legion and Women's Auxiliary, on Wednesday night, the Players' Club of the University of British Columbia gave the Qualicum Beach residents a real treat; the Institute Hall was filled to overflowing. The piece, "Friend Hannah," taken from English history in the time of George II, was staged and performed in really first-class style, and the costumes, true to those times, were most attractive.

Mr. F. G. C. Wood, who directed the performance, is to be congratulated, and the audience was not at all slow in rendering continual applause. The whole of the cast was exceedingly good in portraying the various characters. Those who were outstanding were Miss Sheila Tisdall, as Hannah; John V. Coleman, as Prince of Wales and later King; Alex G. Smith, as the Puritan uncle; Richard Lendrum and Mr. D. Ham-

DISCUSS FIRE ALARM BELL

LADYSMITH TO CHECK SIDE-WALK CYCLING BY BOYS

Number of Ordinary Council Meetings Reduced to Once Monthly

LADYSMITH, May 1.—At the regular meeting of the City Council routine business was disposed of in brisk order. To eliminate a dangerous practice, a stop sign will be installed at the First Avenue entrance to the alley beside the Travelers Hotel.

Boys who persist in riding bicycles on the city sidewalks are to be sternly discouraged from the nuisance in future.

A new by-law, governing the regular sessions of the City Council, was finally adopted and becomes operative as from May, 1930. This by-law reduces the regular meetings of the City Council from a fortnightly practice to one of meeting once a month, on the last Wednesday of each month. Should circumstances require such action, however, the mayor may call on the council to attend a special session at other times.

Discussion was continued on the matter of a new fire alarm signal, and it was decided, pending the outcome of the efforts to procure another, to experiment with the present cracked bell in an attempt to recover its former mellow tone. The foreman and truck driver of the city works department were given a wage increase of 5 cents per hour, conditionally that each install a private telephone, so they may be located by the streets committee without undue waste of time and effort.

LADYSMITH SENIOR PLAYS GIVE SHOW

Successful Performance of "Safety First" by Comedy Company

LADYSMITH, May 1.—Before large and appreciative audiences, the Ladysmith Senior Players presented a three-act comedy, entitled "Safety First," in the Roberts Street Hall on Monday and Tuesday evenings.

Action and merriment were sustained throughout the performance, as one hilarious situation followed another until the final curtain.

The cast included Mr. William Atkinson, Mr. Alvin Kerr, Mr. William Ross, Mr. George Doumont, Mr. Ed Cull, Mrs. Alex Young, Mrs. James Currie, Mrs. D. S. Gourlay, Miss Jean Coupland and Miss Lydia Cloke.

During the intervals, the Y.P.A. Orchestra, under the direction of Mr. Howard Hartley, rendered varied selections, while Mr. James Galloway proved an entertaining soloist with his songs of the sea.

At the conclusion of the performance, Rev. W. R. Brown expressed the opinion that the Ladysmith Senior Players, during the recent years of their activities, had proved a valuable asset to the social life of Ladysmith, and was convinced that the people of the town were properly appreciative of the fact.

The applause that greeted his remarks expressed the hope that Ladysmith would like to hear more from this capable organization in the near future.

CHAMPION MAT MAN ON CARD

T. Alley, Australian Grappler, Who Meets Tarro Miyake Saturday, Has Championship Belt

JAPANESE FORMER JU JITSU CHAMP

Saturday's grappling card will bring together a former world's champion and a present titleholder. Tarro Miyake, Japanese mat man, was at one time world's ju jitsu champion, while Tom Alley, Australian grappler, is the present holder of the world's lightweight championship gold belt valued at many hundreds of dollars. Miyake, who enters the ring in his bare feet, is fast, clever and strong. He is fully conversant with the many holds, and his exhibition here a short time ago against Charlie Hansen, idol of Seattle grappling fans, place him as a dangerous opponent for the best of the younger mat men.

Tom Alley, the big boy from "Down Under," is known to a number of fans despite the fact that he has never performed in a local ring. It was at Duncan that the Australian grappler made his first appearance in Vancouver Island, and that was against Bob Kruse, Portland, a few months ago. Those who saw Alley in action speak highly of his knowledge of the mat pastime, and it is partly through their demands that he is being brought here to meet Miyake.

THE SEMI-WINDUP
The semi-windup, which will introduce to local wrestling fans for the first time the "Marked Marvel," a wrestling more than the usual interest. Perhaps it is the novelty attached to the mysterious opponent for Karo Asano, the Terrible Turk. Some of the fans who are always a little skeptic, are wondering just who the "Marked Marvel" is, and what he knows about the grappling game. Although the Tillamook Athletic Club, who are sponsoring the show, are not prepared to make known his identity, it is a known fact that he is being brought here because of his ability to give "a good bout."

Tickets for Saturday's card are available at F. B. Richardson's, 736 Yates Street, Two Jacks' Dope, Jerningham Street, and Empire Star Stand, Douglas Street.

WANER TAKES BIG SIX LEAD AGAIN

First Slugger Goes to Top by Getting Three Out of Four—Simmons Collects Two Safeties

Only two members of baseball's big six got into major league action yesterday because of the movement of the clubs, but Paul Waner and Simmons did almost enough titling for the entire sextette.

Waner, despite Pittsburgh's defeat, went to the top of the hitters with three blows in four times at bat. This lifted his average to .478 on points ahead of Flowers. Yesterday's National League and its six leaders. Simmons in five ups could only get a single

"Y" RUNNERS WILL COMPETE IN ROAD RACE

Four Competitors Will Fly Colors of Y.M.C.A. in Pro Patria Branch Event May 24

LEOFFLER WILL TRY FOR TROPHY

When the runners line up to face the starter in the second annual Pro Patria Branch road race on May 24, included among the competitors will be four flashy track men flying the colors of the Y.M.C.A., according to the information received yesterday from Archie McKinnon, physical director.

Fred Loeffler, who on Good Friday captured the junior race, held by the Britannia Branch, from a class field, will uphold the "Y" colors in the junior event. Loeffler, a strong, husky youngster of only fourteen summers, will probably face the starter, a strong favorite to come through in first place. Not long ago he journeyed to New Westminster to represent the Y.M.C.A. in the British Columbia amateur wrestling championships and returned with the 120-pound title.

Besides Loeffler the "Y" will have Bill Naysmith in the junior event. Both competitors have been training for the past week and when the time comes they are expected to be in fine physical condition.

Frank Aldous, who walked off with the senior honors on Good Friday, is expected to be a starter, while Caesar Finnmore, the runner-up, will also try for the Pro Patria Branch Cup, emblematic of the honor. Last year the event was won by George Lewis of North Vancouver, and the junior trophy went to George Williamson, of Port Alberni. Both are expected to defend their titles.

Entries close at 5 o'clock on May 22.

International Team Match Won by Score Of 8 Matches to 6

Molly Gourlay Defeats Glenna Collett in Singles and Figures in Foursome Win Against American Captain—Maureen Orcutt Stars

STUNNINGDALE, England, May 1.—In fifteen matches, five foursomes and ten singles, Miss Molly Gourlay's British women's golf team today won from Miss Glenna Collett's American lineup, eight matches to six, with one halved. Miss Gourlay herself defeated Miss Collett.

The British women played better all-around golf than the visitors. They were steadier in the pinches and produced better shots with all clubs. However, the Americans made a most creditable showing when it is considered they had just left the Atlantic for the rolling fairways of Stunngdale.

Miss Gourlay's victory over Miss Collett was attained through stronger play at the finishing hole. The American champion was two up with six to play and few beat her from that position, but Miss Gourlay finished in even fours and her opponent helped her by fluffing two shots, each costing her a hole. Each captain had a medal round of seventy-five over Stunngdale's 6,000 yards.

FOURSOMES BREAK EVEN
The foursomes in the morning resulted in an even break, the Americans and British winning two each with one halved.

Miss Gourlay defeated Miss Collett one up to start the singles play and from there the Britishers were never headed.

Miss Doris Park, niece of the famous Scottish pro who laid out the Stunngdale course, defeated Miss Bernice Wall, Oshkosh, Wis., three up and two to play.

Miss Diana Flawick won from Mrs. Leo Pedernaur, New York, six up and four to play.

Louise Forrye, Youngstown, Ohio, defeated Paula Chambers three up and one to play in the final match of the singles.

Mrs. O. S. Hill kept the Americans in the game by winning from Miss Elsie Corlett, two up and one to play.

Maureen Orcutt made the team score all even when she defeated Mrs. J. B. Watson, four up and three to play, but the British at once captured the one-point lead with a victory for Enid Wilson over Virginia Van Wie, four up and three to play.

Jean McCulloch won from Helen Hicks, two up and one to play.

THE FOURSOMES
Maureen Orcutt, Englewood, N.J., and Mrs. H. A. Martell, Hartford, Conn., defeated Dorothy Pearson and Phyllis Lobbett, seven up and six to play.

Helen Hicks, New York, and Mrs. Leo Mida, Chicago, defeated Doris Park and Diana Flawick, one up and three to play.

Virginia Van Wie, Chicago, and Peggy Wattles, Buffalo, finished all fours.

The juvenile game is expected to be a keenly contested affair. The Maple Leafs, Island champions, are a well-balanced eleven which should prove capable of giving the Shamrocks a stiff battle.

Jokers-Saanich Thistles match will see the teams fielding their Connaught Cup line-ups, in order to keep the players in a fit condition for games in which they have yet to play in this series.

the pace the majority of the faint her tee shot caught the trees on the eighteenth hole, which cost her a stroke and the match, as she lost the hole with a fine five to Mrs. Paterson's birdie.

Starting out as if to make short work of her opponent, Mrs. Hutchinson held a two-up advantage over Mrs. Philbrick when the pair rounded the turn. Her margin at this stage was due to fine golf on the short seventh and long eighth, which she won after two earlier holes had changed hands. The ninth was halved and Mrs. Hutchinson started the homeward route looking like a winner.

Mrs. Philbrick sliced her opponent's lead by capturing the dog-leg tenth, but Mrs. Hutchinson came back as strong as ever and again won two up by winning the eleventh. The long twelfth and the tricky thirteenth were halved, thus making Mrs. Hutchinson two up and five to play. Knowing what defeat meant to her, Mrs. Philbrick stepped out and took the fourteenth and the short fifteenth holes to square the match and make things interesting, especially from a spectator's standpoint.

The sixteenth was halved. Threading the seventeenth green cost Mrs. Hutchinson the hole and the match, as Mrs. Philbrick jumped at the opportunity of the loser's erratic putting and the hole. Mrs. Hutchinson's chances of capturing the Colwood title went to the winds when the best she could do on the final hole was to get a hat thus giving Mrs. Philbrick the match, one up.

A dramatic finish marked the Parry-Mrs. Paterson match. After setting the pace from the first hole until the seventeenth green, Mrs. Parry had Lady Luck turn on her when her drive whistled from the tee only to catch the trees, which ultimately lost her the hole and the match.

Playing steady golf on the out-

ward journey, Mrs. Parry was holding a two-up lead as the halfway mark was reached. However, Mrs. Paterson faced the incoming nine with plenty of confidence and soon squared the match by winning the tenth and eleventh holes. Mrs. Parry went one up by capturing the long twelfth, but Mrs. Paterson evened the match for a second time by coming through and taking the thirteenth. The fourteenth, fifteenth, sixteenth and seventeenth holes were halved.

Mrs. Paterson took the honor on the last hole and sent a beautiful drive straight up the fairway. Mrs. Parry's tee shot was just as perfectly placed, but as luck would have it her drive caught the trees. She chipped out on the fairway and reached the green in four and sank a nice putt for a five, but even at that she lost the hole when Mrs. Paterson caged a beautiful birdie four.

Today's final brings together two veteran campaigners who started out after golf championships many years ago. Both have been more than successful in their search, having annexed many major and minor championships in that space of time. At present, Mrs. Philbrick holds the Victoria and Colwood Club titles, and along with them the city championship. Last year Mrs. Paterson reached the finals of the British Columbia titular event only to be beaten by Mrs. S. C. Sweeney, of Vancouver. At one time she held the Pacific Northwest title.

EXTRA HOLE MATCH

Mrs. C. E. Wilson and Mrs. J. H. Richardson will meet for the first flight honors as a result of the semi-finals played yesterday. Mrs. Wilson defeated Mrs. Crowe, 3 and 2, while Mrs. Richardson was taken to the nineteenth before Mrs. Leeming would admit defeat.

Mrs. E. Michaels captured the second flight honors by beating Mrs. Morris in the final round, 7 and 6. The winner displayed some good golf

and was never in doubt from the start.

Following the finals today, Mrs. Dunsmuir, women's secretary of the club, will present the prizes to the various winners. The presentations will take place in the clubhouse. Yesterday's results and today's draw and starting times follow:

VANCOUVER HEAVY WINS BY TECH K.O.

TACOMA, Wash., May 1.—Bob Marica, Portland heavyweight, won a decision over Harry Lee, of Tacoma, in the six-round main event of the boxing programme here tonight.

Fred Russell, Vancouver, B.C., heavyweight, won by technical knockout over "Tiny" Lamar, of Tacoma, when one of the latter's eyes was so badly cut that the referee halted the match at the end of the fourth round.

"Y" AQUATIC TEAM TO LEAVE FOR U.S. TODAY

Coach Archie McKinnon to Take Swimmers to Compete in P.N.W. "Y" Championships

GALA TO BE HELD AT EVERETT, WASH.

When the 4:30 steamer pulls out of the Inner Harbor this afternoon en route to Seattle, included among her passenger list will be a squad of swimmers representing the Y.M.C.A. under the supervision of Archie McKinnon, physical director, heading for Everett to uphold the local colors at the annual Y.M.C.A. Pacific Northwest swimming gala to be held in that city tomorrow afternoon and evening.

With several weeks' training under their belts under Coach McKinnon's watchful eye, the local lads are reported to be in the best of shape, and are expected to make a good account of themselves across the border. Yesterday the "Y" boys went through a light workout, and appear to be confident of returning with some of the championships and trophies.

McKinnon stated yesterday that his team was not definitely known, but he expects to have four juniors and two seniors competing. The Y.M.C.A. Pacific Northwest Association has chosen McKinnon as official diving judge, thus showing the confidence they have in the local director.

Denny Walker, rated as one of the finest junior aquatic stars ever developed in the city, will be seen in action in the 220-yard free style and 50-yard backstroke. Walker is only sixteen years of age and husky in stature, and ploughs through the water with strong, sturdy strokes. Other juniors making the journey are: Jack Rawlins, 50-yard free style; Rod McMillan, 50-yard breast stroke; Dick Healey, 50-yard free style.

Albert Young and Percy Riddle will be the "Y" representatives in the senior events. Young will compete in the 50-yard free style, and Riddle will show his wares in the 100-yard breast stroke and 50-yard free style. There is a possibility that a relay team may represent the Capital City.

As the entry list is so large, the junior eliminations will be held tomorrow afternoon, and then the finals of all events in the evening. Competitors will be there from Seattle, Tacoma, Vancouver, Spokane, Port Angeles, and, as in previous years, some great competition is expected to take place.

Last year the gala was held in this city at the Crystal Garden.

COMPANY HAS ANNIVERSARY OF FOUNDATION

Two Hundred and Sixty
Years Since Hudson's
Bay Company Was
Incorporated

MARVELOUS DEVELOPMENT

Today is the two hundred and
sixtieth anniversary of the founding
of Hudson's Bay Company.

On May 2, 1670, King Charles II.
of England, granted the charter of
incorporation to "The Governor and
Company of Adventurers of England
Trading Into Hudson Bay."

In the original charter, which is
still in possession of the company
and lies in the archives at Hudson's
Bay House, London, England, full
provision is made for the election
of governor, deputy governor and a
committee of seven. It is interest-
ing to note during the long career
of the company how the simple man-
agement thus provided has been
adapted without amendment in car-
rying out the immense projects of
the company during the 260 years of
its existence.

Mr. Charles V. Sale, the present
governor, is the successor in a direct
and unbroken line of the first
governor of the company, Prince
Rupert.

Little did Prince Rupert realize
that the venture he then supported
was to develop into the gigantic
mercantile institution as it is today.

CONTINUOUS OPERATION

For 260 years Hudson's Bay Com-
pany has been in continuous opera-
tion—a record unequalled by any
commercial institution today. Dur-
ing the whole of that time the com-
pany has rendered invaluable ser-
vice to Canada and the British Em-
pire.

It is in commemoration of these
260 years of service that the com-
pany's eleven stores from Winnipeg
to Victoria are now holding special
anniversary sales.

In the windows of the local store
are displayed, in addition to num-
erous lines of merchandise, a series of
large posters giving high lights in
the company's history, commencing
with the sailing of the Nonsuch in
1668 down to the present day, when
it is stated that the company oper-
ates eleven modern department
stores, 200 fur-trading posts, eighty-
six steam and motor vessels and 600
dog transports.

A GREAT TRIBUTE

"I have always contended," says
Dr. R. G. MacBeth, "after some in-
tensive efforts to study the records of
time, that the main reason for the
continuance of the Hudson's Bay
Company was the high character of
its employees on the wide fields of
the North and West of British Amer-
ica, the great sphere of its activities
in trade. Neither Prince Rupert, the
first governor, nor Marlborough, his
successor, excite our admiration for
their personal characteristics, apart
from their undoubted brilliance as
military leaders. They were attracted
by the sheer love of adventure and
the desire to obtain added means for
their method of living. They gave
some social prestige to the company
by their rank, although the active
administration was in more capable
and reliable hands. But the real
battle for existence and for increas-
ing trade was fought out on the wide
plains of the Northwest, by the
hardy, dependable, courageous men
from the Highlands and the islands,
who were strangers to luxury and
ease of living."

"Two extraordinary facts emerge
in the history of the two centuries
from 1670 to 1870, when men of this
type were in practical control of
operations in governing and in
trading to the extent of many mil-
lions over half a continent. The
first is that the government was so
paternal that there was no revolt
against it during all those years.
The second is that, though individ-
ual employees of the company were
scattered over a vast domain, with
only themselves to rely on, they
activities, there was never a case in
300 years of what is now called graft
or misappropriation. If these two
facts are properly and deeply con-
sidered, one has no difficulty in see-
ing that human society is just what
the character of its individual units
make it. This principle carries
within it the solution of practically
all the social problems of any age
or period."

"A new country like ours must
keep alive its traditions for inspira-
tion, and one of the traditions is
the history of the ancient company,
which has been interwoven with our
records for more than two centuries
and a half."

COUPLE ARE DEAD FROM EXPLOSION

VANCOUVER, Wash., May 1.—
Their bodies blown into fragments
by a dynamite blast, Mr. and Mrs.
B. A. Northrup, of Haddon, were
killed on their farm at 11 o'clock last
night. Sheriff deputies and the coron-
er left today for the scene of the
tragedy, twenty miles northwest of
Vancouver. Only parts of the bodies
have been found.

NEW LIQUOR LAWS BEING PLANNED

WASHINGTON, May 1.—William
H. Stayton, chairman of the board
of the association against the prohi-
bition amendment, testified today
before the Senate lobby committee
that four members of the Hoover
Law Enforcement Commission, had
told him they were "trying to work
out some other plan for distribution
of liquor than under the present
law."

"Have the public expressed any
opinions upon those poems of mine
that you published?"

"Yes; several people with the same
name as yours have asked us to an-
nounce that you are no relation of
theirs."

"We are here at the naval party to
sit until we settle."—Charles

ANNIVERSARY

ROTARIANS TO NAME LEADERS DURING MONTH

Club Directors and Eight Other Members Appointed Nominating Committee for Election

TALK GIVEN ON TRANSPORTATION

The Victoria Rotary Club will choose its 1930 president and seven directors at the luncheon meeting in the Empress Hotel on Thursday, May 29, at 12:10 p.m.

At the regular weekly club meeting yesterday, the present directors selected the following members to serve with them on the nominating committee: Rotarians W. A. Jameson, William Brown, Arthur E. Mallett, William Sheret, Herbert J. Penney, Wilfred Hughes, Frank J. Sehl and Robert T. Murphy.

In a classification talk on "Transportation," Rotarian William Bell pointed out that the Canadian Pacific Railway, through its Victoria office, last year bought supplies costing \$763,260. He remarked that this figure did not include all the supplies used locally, as large orders had been placed through other purchasing offices.

The speaker declared that the company had purchased in 1928 goods costing over \$800,000. Taxes paid in that year had totaled \$5,000,000, and over \$121,000,000 had been distributed in wages. These payments were equivalent to \$46.25 per minute throughout the year.

Alderman James Adam urged the club to send a strong delegation with President Alfred Carmichael to the annual district Rotary convention, which will be held in Spokane, Washington, from May 11 to May 14.

Enjoyable concert selections were rendered during the meeting by Misses Marjorie and Ruby Hodgkins, members of the Girls' Brass Band. This new talented musical organization will hold its initial concert next Monday in the Crystal Garden. Rotarian Robert R. Webb told the clubmen.

PLUMBERS WILL WORK FIVE DAYS

Fight Over Hours Is Won—But Scale of Pay Will Remain Unchanged

Victoria plumbers and steamfitters will have the whole of Saturday and Sunday as a holiday in the future, while the rate of pay will remain at \$1.12 per hour. For some time the plumbing trades have been fighting for a forty-hour week, and this reduction of four hours from the working schedule complies with one of the two requests which have been made by the trade. The other request was for a flat minimum rate of pay of \$10 per day, but this has not been granted, and the scale of pay remains unchanged.

It is understood that on all contract work, dating from yesterday, the five-day ruling will be enforced, and that overtime work will command double pay. The union has, however, made a concession, allowing its men to do jobbing work on Saturdays at the regular rate of pay. The reason for this concession is to allow union men to compete with single non-union plumbers, who have not fallen in with the views of the union in the matter of hours and wages.

JUDGMENT RESERVED

Judgment was reserved in Supreme Court here yesterday in the case of Murphy v. John Arbuthnot, of Victoria, against J. D. Campbell, of Vancouver. The plaintiff brought action on two promissory notes where \$2,071 and interest was claimed. Mr. C. H. O'Hara, of this city, was counsel for the plaintiff, and Mr. J. D. McPhee, of Vancouver, represented the defendant.

HOME RUN RIVALS

Two years ago Lou Gehrig was
about the only slugger who could
give the Babe a scramble down the
stretch when it came to home run
hitting, but conditions are entirely
different now.

More than one or two of the boys
have been taking a toe-hold lately
and letting nature take its course.
The Babe's list of rivals now in-
cludes Simmons, Jackson, Ott, Wil-
son, Klein, Gehrig, Fox, Herman
and two or three others.

Two of his most dangerous rivals
will be Ott and Klein. They are
both young, strong and ambitious.
Last season they ran their two
strings out before forty, and that
is at least part of the art of lifting
one over the barricade. Both have
the knack of timing down to a fine
point and there is a chance that
one of the two may lift his count
to fifty, in which case the Babe can
waste precious little time adjusting
his range for the top of the stands.

This job of fighting off youth gets
harder every year. And one of the
main reasons is that youth has an
easier time keeping in shape, re-
taining the needed elasticity from
day to day.

HOSPITAL REPORTS
The latest news from Rochester,
Minnesota, now one of the head-
quarters of sport, is all on the cheer-
ful side.

The first item is that Jack Demp-
sey will leave in much better shape
than when he arrived, and that
Knute Hansen will report to South
Bend in about a week or two days
to supervise the final stages of
Notre Dame's Spring practice.

What Dempsey is going to do with
his improved condition is now
known only to Jack, but if Schmel-
ing beats Sharkey there is at least
an even chance that the mauler will
step into action once more and let
two or three fast ones fly from the
starting point of a left hook.

Knute Hansen reports that he is
feeling better now than in many
months. For one thing, the doctors
discovered a tooth with enough
poison in its roots to wreck a
rhinoceros. The elimination of this
tooth started Rocky back on the
road to health.

Notre Dame has a schedule next
fall laid enough to break rock, and
Rockne wants to be sure the squad
closes out its Spring work with every
man.

Mr. Mack will later reply to Knott,
if they hammer his pitchers out of
the box.

With "Simmons and Cochrane,
Grove and Fox."

Maxie Rosenbloom will now at-
tempt to out-cut Jimmy Slattery,
but the Buffalo boxer is a different
proposition. Slattery also has a fast
pair of hands that he can throw in
various directions, and they carry
more steam than Rosenbloom can
hook to either glove.

**Port Vale Team

Section Title**

LONDON, May 1.—Port Vale clinched the championship of the
Northern Section of the Third Divi-
sion of the English Football League
today when they defeated Doncaster
by two goals to nil. Stockport
County, second team, cannot equal
Port Vale's standing in the one game
left to be played.

**BOSTON BRUINS
WIN FROM HAWKS**

LOS ANGELES, May 1.—The
Boston Bruins, professional ice
hockey team, defeated the Chicago
Black Hawks, 4-3, in the first of
their two-game series here tonight.
Chicago scored after seventeen
minutes of play but could not match
the pace of the Bruins, who scored
four times before allowing the
Hawks another tally. Chicago scored
twice in the last three minutes.

detail thoroughly carried out. There
will be no time to waste next fall
with a schedule that starts with
Southern Methodist and never gets
any easier.

The world's old problem as to
what should be done with the used
safety razor blades has now been
increased—i.e.: What is to be done
with its Carnera?

Italy is planning to send over
another man mountain, but this
time his seconds will all be searched
for concealed towels.

ME AND MY RIVAL
I give my shield shot "too much
cut."
You make a raw, plain bobble;
I always hole a good, long putt.
You get a lucky gobble;
I played to skin the pond or cliff.
But you are just a lucky stiff.

It is reported that Carnera will
return to Italy and open a laundry.
Who wants to be the first customer
to drop in with a bundle of towels?

THE JONES SCHEDULE
A large number of words have
been put out concerning Bobby
Jones' European schedule, but this
is the competitive plot he gave me
just before sailing:

1. Send his team against an Ox-
ford-Cambridge side for a work-
ing day.

2. The Walker Cup matches at
Sandwich around the middle of
May.

3. Move on to St. Andrews and
tackle the British amateur cham-
pionship for the third time, late in
May.

4. Play for the London Golf li-
gated Vase at Sunningdale early
in June.

5. Visit France, Italy and possibly
Germany for short rest from golf.

6. Return to Holyrood for British
open, which starts June 19, the
qualifying rounds coming shortly
before.

He will get back just about in
time to start for the United States
open at Interlachen, Minneapolis.

Leo Diegel will have one of the
keenest rooters in Great Britain. He
may not carry the galleries that
Jones and Horton Smith take along,
but he will have at least one sup-
porter doubling the enthusiasm.

His name is Douglas Fairbanks, now
in a triple tie for being the most
rabid golf fanatic between Holly-
wood and the Fifth of Fife.

Mr. Mack will later reply to Knott,
if they hammer his pitchers out of
the box.

With "Simmons and Cochrane,
Grove and Fox."

Maxie Rosenbloom will now at-
tempt to out-cut Jimmy Slattery,
but the Buffalo boxer is a different
proposition. Slattery also has a fast
pair of hands that he can throw in
various directions, and they carry
more steam than Rosenbloom can
hook to either glove.

Dropped From Net Team

H. W. "BUNNY" AUSTIN

LONDON, May 1.—H. W. Austin, No. 1 ranking tennis player in
England, has been dropped from the British Davis Cup team for the
second round Davis Cup matches against either Poland or Rumania.

Austin was dropped from the squad because of his collapse against
Dr. Heinz Landmann, of Germany, in the first round Davis Cup tie last
week. Austin, suffering a severe cramp in the later stages of the match,
was beaten in five sets. Two days later, however, he trounced Daniel
Frenn, the German champion, in straight sets and aided Great Britain
to eliminate the Germans from the competition.

CAPITOL A more mature Joan Crawford was seen last night at the Capitol

Theatre in "Montana Moon," Metro-Goldwyn-Mayer's musical Western romance. As an Eastern society girl who marries a cowpuncher employed on his father's Montana ranch and then discovers that he does not mix with her own circle, Miss Crawford gives a performance which is superior to anything she has ever offered the screen in the way of a sincere and moving portrayal.

VARIETY "The finest show we've ever produced," says Raymond Toby Leitch of the sparkling three-act force, "She Loved the Other Man," now being presented at the Variety Theatre by the popular Toby Leitch Players. Undoubtedly every person who has witnessed this hilarious play will agree with the Variety director. Every night this week "She Loved the Other Man" has been received by an enthusiastic audience. It simply teems with funny situations, with the result that the audience is in a continual state of merriment.

PLAYHOUSE "Guilty?" the Columbia all-talking drama, based on the subject of circumstantial evidence, is the current attraction at the Playhouse Theatre. An outstanding cast has been assembled to interpret the roles. Virginia Valli and John Holland play the leading parts and John St. Polis, Lydia Knott, Ervile Alderson and Clarence Muse play supporting roles.

DOMINION Thirty girls in an exotic and charming ballet furnish a part of the action "Such Men Are Dangerous," Fox Movietone all-talking drama adopted from Elinor Glyn's absorbing and fascinating story, now playing at the Dominion Theatre. They appear in the charity bazaar sequence which furnishes one of the most colorful high spots in the picture.

COLUMBIA Lupe Velez, fiery little dancer from Mexico, famous for her vaudeville successes, plays Lon Chaney's daughter in his latest Metro-Goldwyn-Mayer drama, "Where East Is East," now being shown at the Columbia Theatre. She enacts a spirited little daughter of the jungles, living with her father, a trapper of wild animals in the wilderness.

ROYAL "Her Temporary Husband," produced at the Royal on Wednesday night, is another of those brilliantly funny comedies in which the Gordon McLeod Players excel. Each part in this play is beautifully suited to its exponent. Lilian Christie as the woman in search of a temporary husband, gives a sparkling performance with all her usual charm and fine stage technique; Gordon McLeod as Dr. Spencer gives a masterly rendering of a difficult part.

Husband Too Kind; Love Goes Blind

Gripping Love Theme Thrills in "The Lost Zeppelin" at the Playhouse

Does a wife ever forget a kind husband? Will she listen to the pleadings of another man when she knows her husband loves her blindly? This question is raised in "The Lost Zeppelin," a Tiffany production, featuring Conway Tearle, Virginia Valli, Ricardo Cortez and others of note. In the all-talking production Tearle is seen as an explorer, madly in love with his young wife, who plans a trip to the South Pole in a huge Zeppelin and decides to take his friend, a young naval officer, with him. "The Lost Zeppelin" now is being shown at the Playhouse Theatre.

Victor McLaglen Has Very Colorful Career Throughout

"Colorful" is too often a glibly presented romantic mark. But Victor McLaglen, the pleasing giant of many outstanding screen successes, has a career which trails across this world . . . leading into prize rings, mining camps, war trenches, onto vaudeville stages . . . and now to stardom in talking pictures; in fact, truly "colorful."

We cannot imagine a better type for that unforgettable Captain Plang of "What Price Glory" than McLaglen. Happily, Fox Films feels the same way about it and he is again "Plang" this time in the all-talking Movietone picture of more strenuous adventure, "The Cock-eyed World," showing at the Columbia Theatre starting Monday.

McLaglen, born in London, spent his boyhood in South Africa, where his father was a bishop, and cousin of General DeWitt of Boer War fame. Victor, then fourteen, pleaded to join the army. Refused, the youngster fled to London. Here his great physique enabled him to enlist in the Life Guards. Later wanderlust sent the lad to Canada, where he mined silver in the Cobalt country.

Next he joined a side show, meeting all comers. This was followed by a turn in vaudeville. In Vancouver he fought a six-round bout with Champion Jack Johnson. Then, with his brother, Arthur, he joined the gold rush to Kalgoolie, in West Australia, and almost died in the desert.

The Story Behind the Play

By J. J. GELLER

"HANSEL AND GRETEL"

A Delheid Wette, the wife of a German physician, amused her children by frequently writing little plays for them. These were produced within the confines of her family circle and witnessed by immediate friends whose children also participated gayly in them. Frau Wette not only wrote the sketches, but designed the scenery and costumes and rehearsed the juvenile players merely for the sheer delight it afforded. Literary aspirations were remote from her mind.

For her central themes Frau Wette delved into the enchanting fairy tales of the Grimm brothers and dramatized them periodically. These tales, of course, had become familiar to all the German children; in fact, they are the heritage of children of all climes.

One of the tales that Adelheid Wette had dramatized was "Hansel and Gretel." The Teutonic version of our English "Babes in the Wood." Upon one occasion she was rehearsing the children diligently in the drawing room when her brother, Engelbert Humperdinck, the composer, chanced to pay a visit.

Humperdinck was a disciple of Friedrich Wagner and accepted the theories of the master. In all his efforts Wagner's influence was ever present. Entranced with the fanciful Hansel and Gretel play written by his sister, Humperdinck suggested its expansion into an opera. To the composer this opera would be a confirmation of the Wagnerian theory that all lyric dramas should be free from the hackneyed manner of antiquity. Humperdinck invaded the nursery.

Coming into the possession of a newly written text which his sister authorized for the proposed work, Humperdinck applied himself to the task of yielding the simple mysteries of this whimsical plot. The laughter of carefree children, the approaching danger, their hopes and dreams of youthful disillusionment were interpreted in the music score. Humperdinck's nature was admirably suited for this fragile fairy tale of childhood.

With the completion of the music score the composer experienced all the adversities that go to make up the world of struggling artists. No one would believe sufficiently in his "Hansel and Gretel" to risk its production. Even those closest to him, who had lauded his previous efforts, were most highly, went as far as to commend the music but expressed grave doubts as to whether a plot taken directly from the nursery would be welcomed. Operagoers in Germany, they insisted desired some of that robustness contained in the sturdy folklore of Wagner's contributions. Finally, after many weary and harrowing conferences with operatic directors, Humperdinck at last found one who dared brave its production. It wasn't so much the impresario's faith in the opera which caused him to accept it, but that the week before Christmas would be most timely for anything fantastic. Hence he accepted "Hansel and Gretel" and arranged for its world premiere in Weimar on December 23, 1893.

To his surprise, "Hansel and Gretel" created a profound impression and one musical critic termed it "a genuine Christmas gift for the musical world."

The opera was repeated throughout the land and entered England, Holland, France and the rest of Europe wherever operatic productions were fostered. It was translated into English and presented at Daly's Theatre in New York in 1895 and thereafter regularly incorporated in the repertory of the Metropolitan Opera House.

Bears Celebrate May Day By Hacking Chunks From Prices of Active Issues

NEW YORK, May 1.—The celebration of May Day on the stock exchange proved to be entirely in the hands of the bear faction. Giving the market only a brief respite, the operators for the decline continued to hack large chunks from the prices of leading industrial shares, and net losses of 3 to 9 points were common among the prominent stocks, industrials and utilities.

Some of the more volatile issues tumbled considerably more. Railroad and steel shares were again the most vulnerable. The persistence and strength of the attack was illustrated by the toboggan ride taken by United States Steel. This market leader sold in large blocks, broke to \$178, or 6 points net lower.

Volume was about 100,000 shares above yesterday's total. New minimums for the year were set by the Federal Reserve Bank's rediscount rate to 3 per cent, after cuts had been made by the central banks of England and France.

Another surprise was the \$500,000 gain in brokers' loans to a total of \$1,274,000,000, which contrasts with \$532,000,000 at this time a year ago.

Southern Railway was pushed down to 101-1/8, the lowest since 1925.

J. I. Case lost 18 points, Auburn Auto 9, and Columbian Carbond. Vanadium Steel ex-dividend was down 7, and Bethlehem more than 22.

Oils were unsettled by the reduction in Pennsylvania crude prices. The money market was fairly easy. Demand loans held at 4 per cent, but time money was lower.

Foreign exchanges were steady, with the leading European rates virtually stationary, despite the bank rate revisions.

Cheaper money strengthened the bond market today and brought the largest turnover in two weeks, with rails leading the advance, in contrast to the decline in rails on the stock market.

The general tone was considerably improved as news of further easing of money rates brought sales of \$1,430,000, the greatest since April 10.

EMBARRASSING MOMENTS

It is not known to everyone that under steeplechase rules there must be twelve fences, exclusive of hurdles, in the first two miles; at least six fences in each succeeding mile, a water jump not less than ten feet wide, and in every mile an additional ditch, six feet wide and three feet deep. In the Grand National, of course, these conditions are more than fulfilled.

"Exit" has been banned from motion picture theatres of Hyde, England, city authorities having ruled that as doors must bear an illuminated sign reading "Way Out".
